

IGSN - SYMPOSIUM

Monday, June 29th 2015 • 15.00 (3 pm)

FNO – 01 / 117

Kainate receptors: the other glutamate receptors

15:00

ELEK MOLNÁR

Centre for Synaptic Plasticity, School of Physiology and Pharmacology,
University of Bristol, UK

Molecular organisation of kainate receptors

16:00

GEOFFREY T. SWANSON

Department of Pharmacology, Feinberg School of Medicine,
Northwestern University, Chicago, IL, USA

**Exploring the structural basis of kainate receptor
modulation by NETO proteins**

17:00

Coffee break

17:15

CHRISTOPHE MULLE

Interdisciplinary Institute of Neuroscience CNRS, University of Bordeaux, France

**Mechanisms for synaptic segregation of kainate receptors
at hippocampal mossy fiber synapses**

Hosts:

STEFFEN PAHL – MICHAEL HOLLMANN
Biochemistry I - Receptor Biochemistry,
Faculty of Chemistry and Biochemistry, Ruhr University Bochum

Guests are welcome!
