

IGSN - SYMPOSIUM

Monday, July 12th • 15.00 (3 pm)

FNO – 01 / 117

Seekers of Emotion: Neuroscientific understanding of affective behaviour

15:00

Kevin S. LABAR

Center for Cognitive Neuroscience, Duke University, Durham, NC, USA

**Brain mechanisms for remembering
real-world emotional events**

16:00

Giuseppe BLASI

Department of Neurology and Psychiatry, University of Bari, Italy

**Filling the gap between genetic variability and
emotion processing in humans**

17:00

coffee break

17:15

Harald T. SCHUPP

Department of Psychology, University Konstanz, Germany

The brain signature of emotion processing

Host:

Giulio Pergola

Institute of Cognitive Neuroscience, Ruhr-University Bochum

Guests are welcome !

**International Graduate School
of Neuroscience**

Ruhr-University Bochum
