

IGSN - SYMPOSIUM

Monday, May 7th 2012 • 15.00 (3 pm)

FNO – 01 / 117

Arc: from physiology to cognitive function

- 15:00** **Edda THIELS**
Department of Neurobiology, University of Pittsburgh, USA
**From synaptic activity to arc expression in hippocampus in vivo:
What lies in-between?**
- 16:00** **Clive R. BRAMHAM**
Department of Biomedicine and Bergen Mental Health Research Center,
Bergen, Norway
The Arc of synaptic memory
- 17:00 coffee break
- 17:15** **John GUZOWSKI**
Center for the Neurobiology of Learning and Memory,
University of California, Irvine, USA
**Cellular specificity, temporal dynamics, and function of
Arc gene expression in incidental context memory formation**

Host:

Magdalena Sauvage

Mercator Research Group 1, Functional Architecture of Memory Unit,
Faculty of Medicine, Ruhr-University Bochum

Guests are welcome!
