

IGSN - SYMPOSIUM

Monday, November 4th 2013 • 15.00 (3 pm)

FNO – 01 / 117

Mechanism and principles of cortical information processing

15:00

Patrik KRIEGER

Systemic Neuroscience, Department of Neurophysiology,
Faculty of Medicine, Ruhr University Bochum

Sensory brain maps

16:00

Nora PROCHNOW

Experimental Neurobiology, Neuroanatomy,
Faculty of Medicine, Ruhr University Bochum

Boon or bane?

**The role of Pannexin1 large pore channels
in activity regulation of the neuronal network**

Host:

Klaus FUNKE

Department of Neurophysiology, Faculty of Medicine, Ruhr-University Bochum

Guests are welcome!

**International Graduate School
of Neuroscience**
Ruhr-University Bochum
